DEADLY VOYAGES: MIGRANT JOURNEYS ACROSS THE GLOBE

Edited by **Veronica Fynn Bruey and Steven W. Bender**

CONTRIBUTIONS BY

Angel Alfonso Escamilla García, Niklas Hultin, Franzisca Zanker, Fathima Azmiya Badurdeen, Maja Grundler, Muhamed Shiwan Amin, Kate Ogg, Arianna Jacqmin, Steven W. Bender, Nergis Canefe, Azin Emami, Chien-yu Liu, Michael Addaney, Tarini Mehta, Veronica Fynn Bruey, Fikrejesus Amahazion, and Sasha Baglay

“An extremely timely and invaluable contribution to migration policy and scholarship. It offers a vivid and incisive account of migrants forced to take treacherous voyages by bringing together compelling empirical materials across the globe. This interdisciplinary book deserves wider readership among those interested in gaining deep insights into the dilemma and aspirations embedded in these journeys.” — **Naohiko Omata, Oxford University**

“...this book triggers a conversation on the practices and policies that shape the often-perilous nature of the migrant’s journey. The incisive analyses, from divergent perspectives, not only identify the perils in the migrant’s journey but also locate opportunities to enhance the safety of migrants. A great contribution to the discourse on migrant rights and migrant policy.” — **Phillip Garjay Innis, University of Bonn**

ABOUT THIS BOOK

Deadly Voyages: Migrant Journeys across the Globe explores the burdens and impact of perilous migration, while considering which laws, policies, practices, and venues might establish empathy and protection for migrants. This interdisciplinary volume envisions and calls for a transformation in migration policy, motivated by the common goal of drastically reducing the peril migrants face when compelled to make their treacherous journeys. All contributors to this volume agree on the inadequacy of current approaches and the dire need for change in global migration law and policy. Therefore, the book seeks to inform, educate, persuade, and facilitate newer or less-heard perspectives, toward wider participation and influence within the forced migration policy debate. Guided by the famous advice of Karl Marx that the point should be changing the world rather than merely analyzing or interpreting it, the contributors suggest practical measures to fix the current gap in responses to migrant peril, along with strategies for diagnosing, countering, and promoting human dignity and social justice, with the aim of preventing future deaths and injuries in migrant journeys across the globe.

ABOUT THE EDITORS

Veronica Fynn Bruey is a module convenor at the University of London’s School of Advanced Study, director of Flowers School of Global Health Science, faculty affiliate at Seattle University School of Law, and research affiliate with the University of London’s Refugee Law Initiative.

Steven W. Bender is professor of law at Seattle University.
